**Web: [www.kingscientific.co.uk](http://www.kingscientific.co.uk)**

A warm welcome to our latest brochure for school crossing patrol uniform.

There have been many changes in the industry since our last brochure; probably one of the biggest changes being the updated home office circular for school crossing patrol uniform.

King Scientific have kept up to speed with these changes and have always been consistent in our approach. **ALL** our uniform meets all the requirements of the home office circular. We have manufacturing partners in the EU & China but more importantly we have established partnerships with a manufacturing base in the UK. This gives us much needed flexibility to manufacture bespoke items with much lower minimum quantities than our competitors. We firmly believe we have the best quality and value for money available today.

We operate no minimum order value and we can negotiate pricing for regular & volume related orders.

Please do not hesitate to contact our friendly sales team for further information about our range.

Warmest regards,

Stephen King  
Sales Manager

King Scientific  
School Crossing Patrol Uniform 2017/18
